**8 10 13 11**

The SAT score of 600 is derived from adding the math and EBRW section scores. The math score of 270 is found by multiplying the math test score of 13.5 by 20. The EBRW score of 330 is found by multiplying the test scores from the two verbal sections - 18 on reading and 15 on writing and language - by 10, then adding them together.

The ACT composite score is found by taking the average of the four sections. Composite scores are always rounded to the nearest whole number - rounded up when the average ends in .5.
