

# SUMMER TUTORING, PERSONALIZED TO YOUR STUDENT

We understand that every student is unique, with their own interests, strengths, and learning styles. That's why our summer tutoring isn't one-size-fits-all. Whether it's exploring the sciences through gardening, mastering math through baking, or improving their language arts skills through creative writing, we customize each session to keep them engaged and excited about learning.

Our one-to-one tutoring has helped more than 200,000 students achieve their goals. To ensure it works for your child too, we'll:

**Listen carefully.** We start with a free consultation to understand your child's academic goals. We then craft a summer-specific learning plan to navigate them towards their goals and set them up for success for the next school year.

**Make the right match.** Is your child a gamer, an artist, or perhaps a budding scientist? Your personally matched tutor will get to know your student and tailor tutoring sessions to their interests.

**Communicate as we go.** After each session, we'll provide you with a snapshot of how your child is doing and recommendations for continuing the journey towards their summer learning goals.
